**Listen and fill in the blank with ONE word from the listening.**

**Caller 1** Right, I have this friend who's always phoning me and, well, she just won't let me get off the phone – I waste so much time just listening to her telling me every \_\_\_\_\_<sup>1</sup> thing she's been doing and every little problem that she has.

**Caller 2** I am a very \_\_\_\_\_<sup>2</sup> person, you know, it's something I pride myself on, and I do spend a lot of my time, wasting my time really waiting for people. Like, for example, I've got this friend of mine, and we'll often have like an \_\_\_\_\_<sup>3</sup> lunch together or something and I will always arrive on time, I will arrive at the restaurant on time, but I have to wait for him, well, it's at least ten minutes, sometimes more, for him to arrive.

**Caller 3** Well, it's my husband. He always expects me to help him find \_\_\_\_\_<sup>4</sup> he can't find, you know, usually his car keys or a particular shirt he wants to wear. Even when I'm busy and I spend too much time helping him and not getting on with doing what I'm \_\_\_\_\_<sup>5</sup> to be doing.

**Caller 4** Every morning when I get up, I spend ages just standing in front of the \_\_\_\_\_<sup>6</sup>, and try and decide what to wear. It's just such a waste of time! \_\_\_\_\_<sup>7</sup> as I end up then wearing the same thing again and again.

**Caller 5** I have kids and I work full-time, so as you can \_\_\_\_\_<sup>8</sup> I don't have much spare time, and I'm often in a hurry when I go to the supermarket. And somehow I always manage to have someone in front of me in the \_\_\_\_\_<sup>9</sup> who seems to have all the time in the world, you know, who's really slow and, even more annoying, gets into a conversation with the \_\_\_\_\_<sup>10</sup>. Do you have any tips?
